

## General Terms & Conditions to avail the Test Facilities:

- The private entity interested in availing the testing facilities of OFs will have to apply as per the pro-forma.
- Private entity shall submit the end use certificate and non-disclosure declaration along with the Test Facility request. For the cases where the firm approaches Government agencies for test facilities required for in-house R&D purpose, same shall be acceptable to the Govt. agencies offering the test facility. The requirement of End Use Certificate in such cases should not be insisted upon.
- The items meant for defence applications will only be tested.
- The estimated time required for testing will be communicated by the factory in case the available test facilities are capable of meeting the technical requirement.
- The test(s) will be carried out as per standard procedures by Ordnance Factories personnel only.
- The test services to private entities will be made available, only in case of spare capacity, over and above the internal needs.
- Transportation of job (including loading / unloading) from / to Ordnance Factory's testing premises is the responsibility of the private entity.
- Checking of the job will be done by security staff before moving the job to/from Ordnance Factory's premises.
- Testing charges will be communicated by the Factory in case the available test facilities are capable of meeting the technical requirement.
- Factory will mention the Account Number & IFS Code of the concerned Bank in which the private entity will deposit Testing Charges through online mode.
- The private entity will submit the sample for testing along with reference details of online payment of testing charges / Demand Draft (drawn in favour of GM of the respective factory).
- Ordnance Factories will not be responsible for loss/damage to the equipment/instrument while carrying out the test(s).
- If any damage occurs to equipment/property/personnel resulting from the testing of the job of private entity, the private entity should bear the expenses in repair/replacement of the facility. All necessary insurance coverage for the job shall be the responsibility of the private entity.
