No.020/OHC/CD/COVID-19/PER/M,

Dated: 20-03-2020.

MESSAGE

As we are well aware, the world is currently facing one of its greatest existential threats of recent times in the form of the spread of the Novel Corona Virus (COVID 19).

Over the past couple of weeks and now as the pandemic is evolving over the globe, it is imperative that as an Organisation and as an individual citizen we too do our sincere bit to supplement the war like effort that has been launched by all concerned across the length and breadth of the country.

It has been informed to me by our Medical Personnel that on date our country is in stage-II of the pandemic and strict isolation & quarantine of suspected/diagnosed cases is the ONLY, repeat ONLY way by which we can first contain & then arrest the spread of this virus in our country.

In view of the above, I would urge the Sr.GMs/GMs and all other HODs to maintain daily liaison with their medical team and keep abreast of the evolving situation in coordination with the local district administration. It would be prudent also to take all possible & necessary steps to pro-actively identify employees/spouses/children/parents/immediate relatives (staying with the employee) of employees who have recently returned after foreign travel and ensure that such employees are isolated/quarantined/notified to the District Administration.

Sr. GMs/GMs/HODs are further encouraged to peruse the general advisories being uploaded by OFB from time to time (which is now also available in our Internet site) and ensure that these advisories are disseminated to the entire dependent population through suitable means. Required action as feasible within the realms of operational realities and prevailing logistics may also be implemented on an immediate basis.

I am confident that these steps if implemented sincerely by the Sr. GMs/GMs/HODs at the unit level will contribute significantly to the national effort that our country has mounted in all vigour to fight this critical situation.

(Hari Mohan)
DGOF & Chairman
